Price Field Office Issues Supplement to Draft Resource Management Plan

The Price Field Office has released a supplement to their draft resource management plan for non-wilderness study area (WSA) lands with wilderness characteristics. This document is now available for a 90-day public review and comment period. The supplement identifies non-WSA lands the BLM has found to possess wilderness characteristics and analyzes an additional alternative emphasizing management of those lands to preserve and protect their wilderness characteristics. This will ensure that adequate consideration is given to wilderness characteristics during the RMP process.

Information can be accessed on the BLM web site at: <http://blm.gov/rmp/ut/price/>. Comments can be submitted via email to UT_Pr_Comments@blm.gov. Written comments should be addressed to:

Bureau of Land Management Price Field Office
Attn: Floyd Johnson
125 S. 600 W.
Price, UT 84501
(801)-636-3600

Members of the public should be aware that their entire comment, including personal identifying information such as name, address and phone number, may be made publicly available at any time. The public comment period ends on December 13.
